Overview

The screenshot shows the Scholastic Learning Zone interface for a user named Emily Gilmore at Avonlea School (KCVG). The interface includes a navigation bar with links for My Profile, Español, Scholastic, User Guide, Help, and Logout. The main content area is divided into several sections:

- My Zone:** A section with icons for various educational resources: Graph Club, eGo, BookFLIX, TRUE, Literacy Pro, and Literacy Pro LIBRARY.
- Total Usage: Last 4 Weeks:** A table showing usage statistics for different products.
- Also Available in the Zone:** A section with icons for Neighborhood MapMachine, TIMELINER, Shared Reading, and SRI.
- My Students:** A list of students and classes, including Class 1A through Class 5A, English 101, and Math One. Below this list are buttons for "Manage users" and "Manage calendar".

The usage table for the last 4 weeks is as follows:

	Average Session/Student	Average Session Time/Student	Total Time/Student
SRI	1	16	16
Reading Pro	2	0	0
Literacy Pro	2	3	6
Literacy Pro LIBRARY	2	9	18

A link "See more detailed reporting data >" is located below the table.

Scholastic Learning Zone is a browser-based platform that allows teachers and students to access their subscriptions to different Scholastic educational resources. It is designed for customers with Scholastic subscriptions and is available from any computer with an Internet connection.

When a school subscribes to one or more of the products in the Scholastic Learning Zone, teachers and students may log in to the Learning Zone to access these products.

Scholastic Learning Zone administrators manage teacher and student profiles, subscriptions, and product access.

Logging In

Scholastic Learning Zone is browser-based and may be accessed from any computer with an Internet connection. To get started with Scholastic Learning Zone:

Use the URL in the Welcome email to launch Scholastic Learning Zone in the computer's browser program (see *page 34* for Scholastic Learning Zone System Requirements). Clicking the URL from the email opens a set password screen. Users set their Scholastic Learning Zone password and then are asked to log in, using their username and password they just set.

Users may also log in directly by going to educator.scholasticlearningzone.com (for educators) or www.scholasticlearningzone.com (for students). After entering the URL in the computer's browser program, the Country screen opens.

A screenshot of the Scholastic Learning Zone website's country selection screen. The page has a light gray background. At the top left is the Scholastic Learning Zone logo. At the top right are links: "What is Scholastic Learning Zone?", "Español", and "Scholastic". Below the logo is a blue banner that says "Welcome to Scholastic Learning Zone". Underneath the banner is a white box containing a "Select country" dropdown menu. The dropdown menu is open, showing a list of countries: Afghanistan, Aland Islands, Albania, Algeria, American Samoa, Andorra, Angola, Anguilla, Antigua and Barbuda, Argentina, Armenia, Aruba, Australia, Austria, Azerbaijan, Bahamas, Bahrain, Bangladesh, and Barbados. To the right of the dropdown menu, the text "1996-2012 Scholastic Inc. All Rights Reserved." is visible.

Select the country from the pull-down menu. Scholastic Learning Zone will automatically go to the Org ID Entry Screen upon country selection.

Enter the Org ID found in the Welcome email and click **Submit** to open the Login Screen.

To change the country displayed on the screen, click **Change Country** to return to the previous screen.

The screen displays the Scholastic Learning Zone logo at the top. Below the logo is a blue header bar with the text "Welcome to Scholastic Learning Zone". Underneath, it shows "Country: Canada [Change country]". There is a text input field labeled "Enter your Org ID." followed by a "Submit" button. At the bottom, there are two links: "Need help logging in?" and "Are you a group administrator? Click here to login."The screen has a blue header bar with "Welcome to Scholastic Learning Zone". Below it, it says "School: Smith School [Change Org]" and "By clicking Enter, I agree to and accept the Privacy Policy". There are two text input fields, one labeled "Username" and one labeled "Password". Below these is a "Login" button. At the bottom, there are two links: "If you have forgotten your username or password, please contact your teacher." and "Are you a group administrator? Click here to login."

On the Login Screen, enter the Scholastic Learning Zone username and password received from the Scholastic Learning Zone administrator.

At first login, administrators should use the set password link found on the Welcome email, then set their password and accept the terms and conditions on the Set Password Screen.

The screen displays the Scholastic Learning Zone logo at the top. Below the logo is a blue header bar with the text "Set Password". Underneath, it says "Please set your password." There are two text input fields, one labeled "Password" and one labeled "Retype password". Below these is an "Enter" button. At the bottom, there is a link: "By clicking Enter, I agree to and accept the Privacy Policy".

Hi, Emily Gilmore
Avonlea School (KCVG)

[Manage calendar](#)

Once logged in, the Scholastic Learning Zone Dashboard opens.

The Dashboard

The Dashboard provides access to all of the products and functions of the Scholastic Learning Zone. Links at the top of the Dashboard allow teachers and administrators to view their profiles, visit the Scholastic home website for the school's country, view the page in Spanish, get help with the site, or logout of the Learning Zone. Clicking the Scholastic Learning Zone logo from any screen in the Learning Zone returns the user to the Dashboard.

Teacher and Administrator Dashboard

The screenshot shows the dashboard for a user named Emily Gilmore at Avonlea School (KICVG). The dashboard is divided into several sections:

- My Zone:** A row of icons for various products: Graph Club, BookFlix, TRUE, Literacy Pro, and Library.
- Total Usage: Last 4 Weeks:** A table showing usage data for different products.
- My Students:** A list of classes for Avonlea School, including Class 1A through Class 6A, English 101, and Math One. Below this list are buttons for "Manage users" and "Manage calendar".
- Also Available in the Zone:** A row of icons for other products: Neighborhood MayMachine, TIMELINER, Shared Reading, and SRI.

	Average Session/Student	Average Session Time/Student	Total Time/Student
SRI	1	16	16
Reading Pro	2	0	0
Literacy Pro	2	3	6
Library	2	9	18

The teacher and administrator dashboard is made up of the following fields:

- **My Zone** contains icons for the products available to the user. Click an icon to open the product in a separate browser window.
- **Total Usage: Last 4 Weeks** shows student usage in the organization's subscribed Scholastic products. Teachers see class data, and administrators see school data. Click "See more detailed reporting data" to download a usage report for the school.
- **My Students** lists students and teachers in classes in Scholastic Learning Zone. Group Administrators have a **My Schools** field instead.
- **Manage Users** opens the Manage User Accounts Screen (*page 11*).
- **Manage Calendar** opens the Manage Calendar window (*page 33*).
- **Also Available in the Zone** shows other products available from Scholastic.

Student and Parent Dashboard

The Usage Details screen shows when, how often, and for how long the student or class uses the subscribed Scholastic programs. (Please note that the minutes data is only valid from May 13, 2013.)

On the student screen, click **Edit Student Information** to open and edit the student's Scholastic Learning Zone Profile. Click **Home** at the top of the screen to return to the Dashboard.

Creating and Managing User Accounts

A screenshot of the "Manage User Accounts" interface. At the top is a blue header bar with the title "Manage User Accounts". Below this is a navigation bar with four tabs: "Setup Users", "Organize Users", "Subscribe Users", and "Teacher Settings". The "Setup Users" tab is selected. The main content area shows "Avonlea School - Canada" with an "Edit" link. There are two main sections: "Create New User" and "Edit Existing Users". The "Create New User" section includes instructions on how to get started, two options for importing users from a spreadsheet (with links for "Teacher import instructions" and "Student import instructions"), a "Select user type" dropdown, a "Choose File" button, and an "Import" button. It also has an "Option 2: Add single user" section with another "Select user type" dropdown and a "Create" button. The "Edit Existing Users" section includes a "Find a user" section with a "Select user type" dropdown, a "Search for user" input field, and a "Search" button. Below this is a link to "View all users". There is also a "Back to school reorganization" section with a paragraph of text and a "Reorganize users" button.

Clicking **Manage Users** from the Dashboard opens the Manage User Accounts Screen. From here, users may create new user accounts, import user data, edit current user accounts, edit a school's educational system, move students up or down a year/grade level, organize users into classes, and subscribe users to products.

Setup Users

The Setup Users tab allows administrators to create new user accounts, edit existing accounts, edit a school's educational system, view and download lists of all users, and reorganize students for the next school year. Teachers may edit existing student accounts.

There are two options for creating new user accounts:

- **Importing User Data:** Teacher and student data may be imported from a CSV file (such as Microsoft Excel).
- **Add Single Users:** Manually enter user data for students, teachers, or administrators.

Importing User Data

Administrators may import teachers' or students' data from a CSV file (such as Microsoft Excel).

To import a CSV file:

The screenshot shows the 'Create New User' interface. At the top, there are tabs for 'Setup Users', 'Organize Users', and 'Setup'. Below the tabs, it says 'Avonlea School - Canada' with an 'Edit' link. The main heading is 'Create New User'. Below this, a text block explains that users can be imported from a spreadsheet (Option 1) or added one at a time (Option 2). Under 'Option 1: Import users from a spreadsheet', there are links for 'Teacher import instructions' and 'Student import instructions'. A text prompt says 'Select a user type and choose a CSV file:'. Below this is a dropdown menu labeled 'Select user type' with a downward arrow. To the right of the dropdown is a 'Choose File' button and the text 'No file chosen'. Below these is an 'Import' button. Under 'Option 2: Add single user', there is another 'Select user type' dropdown and a 'Create' button.

From the Manage Users Screen, go to **Option 1: Import Users From A Spreadsheet**.

This is a close-up of the 'Option 1: Import users from a spreadsheet' section. It shows the 'Teacher import instructions' and 'Student import instructions' links. Below them is the text 'Select a user type and choose a CSV file:'. The 'Select user type' dropdown menu is open, showing a list with 'Select user type' at the top, followed by 'Student' and 'Teacher'. Below the dropdown is an 'Import' button.

Use the pull-down menu to select the type of user data being imported: student or teacher.

Click **Choose File** and navigate to the CSV file to be imported.

The CSV file should contain the following fields for each user at the school level:

For students:

- **First Name:** The student's first name.
- **Last Name:** The student's last name.
- **Username:** The student's username.
- **Password:** Passwords must be between six and 16 characters, and must include a numeral.
- **User ID:** The school's own User IDs through another system like an SIS or LMS. This is designed to capture that information for cross-reference purposes.
- **Year/Grade:** This field is optional. The student's year/grade.*
- **Lexile:** This field is optional. The student's Lexile measure.*
- **Class:** This field is optional. The name of the student's class.*

For teachers:

- **First Name:** The teacher's first name.
- **Last Name:** The teacher's last name.
- **Username:** The teacher's username.
- **Email:** The teacher's email address.
- **Class:** This field is optional. The name of the teacher's class.*

*If one of these optional fields has no values, the column can be deleted from the file.

When the correct file is displayed in the Choose File window, click **Import** to import the file.

When the file is imported successfully, the Review Existing Users screen displays, allowing you to make any changes you want to users who already have SLZ accounts. When you have made these changes, click the **Continue** button.

Setup Users
Organize Users
Subscribe Users
Teacher Settings

Review Existing Users
You have successfully imported your new users! It may take up to 3-5 minutes for their accounts to be created and visible in the system.
The following existing users have active accounts on Scholastic Learning Zone.
1. To continue without making changes to these users, click Continue.
2. To delete users who have graduated or left the school, select the students you wish to delete and click Delete Selected.

Continue
Delete selected

Setup Users Organize Users Subscribe Users Teacher Settings

Option 1: Import user data

There are errors in your student list. Please review the highlighted cells and correct. Usernames must be between 6-16 characters. Passwords must contain between 6 and 16 characters and contain at least one numeral.

Uploaded file: Student_7 (1).csv **Save** **Cancel**

User type: Student

Status ▾	First Name	Last Name	Username	Password	User ID	Year/Grade	Lexile	Class Names		
New	Francoise	Martin	franMartin	Welcome1		K			Edit	Delete
New	Lisa	Jones	lisa_jones	Welcome	Student-10221	2			Edit	Delete
New	James	Jones	infinity	Welcome1	Student-18292	4			Edit	Delete
New	Xiaho	Chen	xChen0110	Welcome1	Student-19322	3			Edit	Delete
New	Abe	Bose	bose_dk	Welcome1	Student-98989	8			Edit	Delete

If the spreadsheet file contains formatting errors, an error message appears on the screen. Use the **Edit** or **Delete** links to correct any data errors.

Click **Cancel** to cancel the import and start over. Click **Save** to save the in-progress import and continue editing it at another time.

To access a saved, in-progress import, return to the Setup Users tab and select the user type. If there is a saved import, a pop-up will appear with the option either to edit the saved file, or to upload a new file. Uploading a new file will delete the saved file.

Saved Roster ✕

You already have a user import in progress for this user type.
Click **Edit saved file** to continue editing your user import.
Click **Upload new file** to delete your saved import and upload a new file.

Edit saved file **Upload new file**

Once the errors are corrected, click the **Confirm** button to complete the import.

When the spreadsheet file is imported successfully, a screen appears showing the imported user data.

Adding Single Users

In addition to importing users, administrators may manually create individual user profiles. From the Setup Users Screen, go to **Option 2: Add Single User**.

A screenshot of the "Option 2: Add single user" screen. It features a pull-down menu labeled "Select user type" with a downward arrow. The menu is open, showing three options: "Student", "Teacher", and "Administrator". To the right of the menu is a "Create" button.

Use the pull-down menu to select the type of user being added: student, teacher, or administrator.

Click **Create** to open the profile screen.

A screenshot of the "Add single user" profile screen. It contains several input fields: "Username", "First Name", "Last Name", "Password", "Confirm Password", "User ID", "Lexile (optional)", and "Year/Grade (optional)". The "Year/Grade (optional)" field has a dropdown menu with "Choose Default Value" selected. At the bottom, there is a "Classes:" section with an "Add student to class:" label and an input field. "Submit" and "Close" buttons are at the bottom right.

Fill in the various fields, being sure to create a unique username and password. Passwords must be between six and 16 characters, and must include a numeral.

When finished, click **Submit** to save the edited profile. To return to the previous screen, click **Cancel**.

Editing Users

A search box titled "Find a user". It contains a dropdown menu labeled "Select user type" and a text input field labeled "Search for user". A "Search" button is located to the right of the input field.

Find a user

Select user type ▼

Search for user Search

To edit an imported or created user profile, go to the **Edit Existing Users** area of the **Manage Users** tab and click the **Find a user** pull-down menu. Select student, teacher, or administrator, depending on the type of profile being edited. Enter the user's name in **Search for user** field, and then click **Search** to find the user profile.

The "Edit Existing Users" interface. It has four tabs: "Setup users", "Organize Users", "Subscribe Users", and "Teacher Settings". The "Organize Users" tab is active. Below the tabs, there is a section titled "Edit Existing Users" with the instruction "Search for users by first name, last name, or username to edit information or delete users." It includes a "Select user type" dropdown, a "Search for user" text field, and a "Search" button. Below this is a table with user information and action links.

First name	Last name	Username	Password	User ID	Year/Grade	Lexile	Class	Edit	Delete
Julie	Taylor	jtaylor	Welcome1	5	Grade 8	700	Class 8A	Edit	Delete

When the user's profile is found, the Profile Screen appears, with the user's user information. To edit the profile, click the **Edit** link at the end of the row.

A screenshot of the "Edit User Details" form. The form has a title bar with a close button. It contains several input fields: "First Name" (Julie), "Last Name" (Taylor), "Username" (jtaylor), "Password" (masked with dots), and "Confirm Password" (masked with dots). There are also fields for "User ID" (Student-39333), "Lexile (optional)" (350), and "Year/Grade (optional)" (Grade 1). Below these is a "Classes" section with a list of classes (1A) and an "Add new class" button. At the bottom is a "Student Subscriptions" section with a list of subscriptions and checkboxes. The form ends with "Submit" and "Cancel" buttons.

Edit User Details

Deleting and Reactivating Users

The screenshot shows the 'Edit Existing Users' section of the Scholastic Learning Zone interface. It includes tabs for 'Setup users', 'Organize Users', 'Subscribe Users', and 'Teacher Settings'. Below the tabs, there is a search bar with a dropdown for 'Select user type', a text input for 'Search for user', and a 'Search' button. A table lists user profiles with columns for First name, Last name, Username, Password, User ID, Year/Grade, Lexile, Class, Edit, and Delete. The first row shows a user named Julie Taylor with username jtaylor and password Welcome1. The 'Delete' column for this user has a blue 'Delete' link. A 'Setup users' button is located at the bottom left of the interface.

First name	Last name	Username	Password	User ID	Year/Grade	Lexile	Class	Edit	Delete
Julie	Taylor	jtaylor	Welcome1	5	Grade 8	700	Class 8A	Edit	Delete

To delete a user profile, click the **Delete** link at the end of the row on the User Profile Screen.

The screenshot shows a 'Confirmation required' dialog box with a close button (X) in the top right corner. It contains two radio button options: 'Deactivate User' and 'Delete forever'. The 'Deactivate User' option is selected. Below each option is a brief description of the action. At the bottom right, there are 'Confirm' and 'Cancel' buttons.

Confirmation required

☒ **Deactivate User**
Selecting this option will deactivate the user login but retain information for school reports

☐ **Delete forever**
Selecting this option will delete user and remove all information from school reports

[Confirm](#) [Cancel](#)

A pop-up will appear, asking whether to deactivate the user or delete the user forever.

Deactivating the user will give you the option to reactivate the user. When searching for a deactivated user, the **Delete** column will show the user as **Deactivated**.

The screenshot shows a web interface for managing users. At the top are four tabs: "Setup users" (active), "Organize Users", "Subscribe Users", and "Teacher Settings". Below the tabs is a section titled "Edit Existing Users" with the instruction "Search for users by first name, last name, or username to edit information or delete users." There is a "Select user type" dropdown menu, a "Search for user" text input, and a "Search" button. Below the search area is a table with columns: First name, Last name, Username, Password, User ID, Year/Grade, Lexile, Class, Edit, and Delete. The table contains one row for a user named Julie Taylor with username jtaylor and password Welcome1. The "Delete" column for this user has a link labeled "Deactivated". At the bottom left of the interface is a "Setup users" button.

First name	Last name	Username	Password	User ID	Year/Grade	Lexile	Class	Edit	Delete
Julie	Taylor	jtaylor	Welcome1	5	Grade 8	700			Deactivated

Clicking the **Deactivated** link will open a pop-up, asking whether to reactivate the user or delete the user forever.

The screenshot shows a "Confirmation required" dialog box. It has a title bar with a close button (X). Inside, there are two radio button options. The first option is "Reactivate user" with the description "Selecting this option will reactivate the user." The second option is "Delete forever" with the description "Selecting this option will delete user and remove all information from school reports". At the bottom right of the dialog are two buttons: "Confirm" and "Cancel".

Confirmation required

☐ **Reactivate user**
Selecting this option will reactivate the user.

☐ **Delete forever**
Selecting this option will delete user and remove all information from school reports

Confirm **Cancel**

Reactivating the user will reactivate that user's account.

Deleting the user forever at any point will delete all the user's data and will prevent the user from ever being reactivated.

View All Users

To view all users, click the **View all users** button on the Setup Users page

On the View all users screen, select the user type to view.

Selecting Teacher or Administrator will display a table of all teachers or administrators in the school, along with a link to download a list of all teachers or all administrators in the school.

Selecting Student will provide a link to download a list of all students in the school. Additional filters can be selected to view all the students in a particular year/grade or class.

Once a filter is selected, a table of the students that fit that filter will display.

Clicking the "x" by a filter will remove the filter. Filters can be changed and added at any time, up to one year/grade and one class selected at a time.

Students can be moved up or down a year/grade level or deleted in bulk on this screen. Select the checkboxes next to the students to edit, or click the checkbox at the top of the column to select all students.

Clicking **Delete selected** will delete the selected students.

Back to School Reorganization

To reorganize students for the upcoming school year, follow this procedure:

From the SLZ Home screen, click the button **Manager Users** to begin the process. In the Edit Existing Users box on the right side of the **Manage Users** screen, click **Reorganize users**.

A screenshot of the "Edit Existing Users" interface. It features a "Find a user" section with a "Select user type" dropdown menu, a "Search for user" text input, and a "Search" button. Below this is a link "or view a list of all the users:" and a "View all users" button. At the bottom, there is a section titled "Back to school reorganization" with explanatory text and a "Reorganize users" button.

or view a list of all the users:

View all users

Back to school reorganization

At the end of school year, click here to organize students into new classes and year/grade levels for the upcoming school year.

Reorganize users

The resulting screen will display a list of steps to follow. This guide will walk you through these steps in detail.

A screenshot of the "Back to School Reorganization" guide page. It has a navigation bar with tabs: "Setup Users", "Organize Users", "Subscribe Users", and "Teacher Settings". The main content area includes a "Print" button, a list of steps (Step 1 to Step 5) with detailed instructions and links, and a file upload section at the bottom with a "Choose File" button, "No file chosen" text, and an "Upload" button.

Setup Users Organize Users Subscribe Users Teacher Settings

Back to School Reorganization Print

Follow the steps below to reorganize your students into new year/grade levels and classes for the new school year. For a detailed overview with screenshots, [click here](#).

Step 1: Download your current student roster by [clicking here](#). You will need to save a copy to your desktop to upload for Steps 3-5

Step 2: Before moving your students to new year/grade levels and classes, review class names or add new ones by clicking here: [Organize Users](#).

Step 3: Open the student roster that you downloaded from Step 1 and update the students' year/grade levels and class information in the spreadsheet. [Click here to view the year/grade level codes](#). You can also remove any students who have left the school from the spreadsheet.

IMPORTANT: Enter the class names to match exactly any edits made in Step 2.

IMPORTANT: Editing a student's username or user ID will create a new account. DO NOT edit a username or user ID if you want to view prior year data for that student.

Step 4: Re-save your edited student roster on your desktop. Click on the "Browse" button below, select your spreadsheet, and click Submit to upload. Once the new roster has been uploaded, all changes you have made to students year/grade levels and classes will be visible in the product. If any students have been removed, you will be able to deactivate their accounts during the review process.

Step 5: Review your class names and student reorganization by clicking [Organize Users](#). You can make further changes by clicking "Add Users" for the class you'd like to modify.

For a more detailed explanation with screenshots of each step, please [click here](#). If you have any questions, please visit our [help page](#) or [contact a support representative](#).

Choose File No file chosen Upload

Step 1

Download your current student roster by clicking the link. You will need to save a copy to your desktop to upload for Steps 3-5.

Clicking the link on the page will download a file named `Students_in_organization.csv` to your default download location. You can move the file or save a copy of it to any location you like. We recommend saving it to the desktop so it is readily accessible.

Upon opening this file, you will see a spreadsheet similar to this one, listing all of your students, their first and last names, their usernames, their passwords, their user IDs, their year/grade, their Lexile, and a number of columns for their classes.

	A	B	C	D	E	F	G	H
1	FIRST_NAME	LAST_NAME	USERNAME	PASSWORD	USER_ID	YEAR/GRADE	LEXILE	CLASS
2	Jed	Bartlet	jbarlet	Welcome1	jbarlet	6	605	Mr. James
3	Luke	Cafferty	lcafferty	Welcome1	lcafferty	6	624	Mr. James
4	Luke	Danes	ldanes	Welcome1	ldanes	6	582	Mr. James
5	Lyla	Garrity	lgarrity	Welcome1	lgarrity	6	609	Mr. James
6	Paris	Geller	pgeller	Welcome1	pgeller	6	678	Mr. James
7	Matt	Saracen	msaracen	Welcome1	msaracen	7	778	Ms. Kleinhoffer
8	Sookie	St. James	sstjames	Welcome1	sstjames	7	737	Ms. Kleinhoffer
9	Jason	Street	jstreet	Welcome1	jstreet	7	747	Ms. Kleinhoffer
10	Julie	Taylor	jtaylor	Welcome1	jtaylor	7	711	Ms. Kleinhoffer
11	Charlie	Young	cyoung	Welcome1	cyoung	7	740	Ms. Kleinhoffer
12	Toby	Ziegler	tziegler	Welcome1	tziegler	7	708	Ms. Kleinhoffer
13	Brodie	Jenner	bjenner	Welcome1	bjenner	8	873	Frau Blucher
14	Kasey	Keller	kkeller	Welcome1	kkeller	8	831	Frau Blucher
15	James	Moriarty	jmoriarty	Welcome1	jmoriarty	8	833	Frau Blucher
16	Jane	Fonda	jfonda	Welcome1	jfonda	8	800	Herr Drosselmeyer

Keep this file open, because you will need to modify it soon.

Step 2

Before moving your students to new year/grade levels and classes, review class names or add new ones by clicking on **Organize Users**.

The screenshot shows the 'Manage Classes' page. At the top, there's a blue header with the title 'Manage Classes'. Below it, there are four tabs: 'Setup Users', 'Organize Users' (which is selected), 'Subscribe Users', and 'Teacher Settings'. The main content area is titled 'Manage Classes' and contains instructions on how to organize users into classes and groups. It lists four steps: 1. Add a class, 2. Add students and teachers to the class by clicking 'Add users' in the table below, 3. Organize students into groups within a class by clicking 'Manage groups', and 4. Assign students to their subscriptions by clicking 'Subscriptions'. Below the instructions, there is a form to 'Add class' with an 'Add' button. The main part of the page is a table titled 'All Classes' with a search bar. The table has columns for 'Class Name', 'Year/Grade', 'Student List', 'Teacher List', 'Manage Classes', and 'Delete'. The table lists six classes: Frau Blucher, Herr Drosselmeyer, Mr. James, Mr. Kim, Ms. Kleinhoffer, and Ms. Oswald. Each class row has links for 'Add users', 'Manage groups', 'Subscriptions', and 'Delete'.

Class Name	Year/Grade	Student List	Teacher List	Manage Classes			Delete
Frau Blucher	Edit	3 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Herr Drosselmeyer	Edit	4 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Mr. James	Edit	5 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Mr. Kim	Edit	3 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Ms. Kleinhoffer	Edit	6 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Ms. Oswald	Edit	3 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete

Clicking the link in Step 2 will take you to the **Manage Classes** page.

You are not required to make any changes on this page, but you may if you wish. You can add new classes, or remind yourself of your old class names. (Note that you do not have to add new classes this way – you can also add new classes on the spreadsheet in **Step 3**).

Step 3

Open the student roster that you downloaded in Step 1 and update the students' year/grade levels and class information in the spreadsheet. **Click the link** in Step 3 to view the year/grade level codes. You can also remove any students who have left the school from the spreadsheet.

IMPORTANT: Enter the class names to match exactly an edits made in Step 2.

IMPORTANT: Editing a student's username or user ID will create a new account. DO NOT edit a username or user ID if you want to view prior year data for that student.

		18	Toby	Ziegler	tziegler	Welcome1	tziegler	8	860	Herr Drosselmeyer
		19	Brodie	Jenner	bjenner	Welcome1	bjenner	9	814	Herr Drosselmeyer
		20	Kasey	Keller	kkeller	Welcome1	kkeller	9	1085	Mr. Kim
		21	James	Moriarty	jmoriarty	Welcome1	jmoriarty	9	989	Mr. Kim
		22	Jane	Fonda	jfonda	Welcome1	jfonda	9	940	Mr. Kim
		23	James	Franklin	jfranklin	Welcome1	jfranklin	9	1089	Ms. Oswald
		24	Sarah	Hanniman	shanniman	Welcome1	shanniman	9	1040	Ms. Oswald
		25	Steve	Jenkins	sjenkins	Welcome1	sjenkins	9	1145	Ms. Oswald

In this step, you should update all information for the students who will still be in your school, primarily the information in the YEAR/GRADE column and the CLASS column(s). You can add new classes here and they will be automatically created when the spreadsheet is imported.

In the example above the spreadsheet has been modified to move the students up a grade and a new group of students has been added in Year 6. Also the students' classes have been changed.

Any students who have left the school you can safely remove from the spreadsheet. Any students who will be entering your school this year should be added, along with all their information.

Be careful when adding new students – they should not have the same username or user ID as any current student. **There is a bug that occurs when two students are uploaded with the same username.** The old (active) student is unaffected, but the new student takes on all of the old student's information, including Lexile, Name (first and last) and Grade. The student's Class is not affected. These errors can be corrected in the next step, but it can be very confusing – it is best to avoid this if possible.

Changing a current student's username or user ID will cause a new account to be created for that student, which means that the student's report data from previous years will not be associated with the new account.

When you have updated your spreadsheet completely, proceed to **Step 4**.

Step 4

Re-save your edited student roster on your desktop. Click on the **Choose file** button below Step 5, select your spreadsheet, and click **Upload** to upload. Once the new roster has been uploaded, all changes you have made to students' year/grade levels and classes will be visible in the product. If any students have been removed, you will be able to de-activate their accounts during the review process.

For any questions on this process, please visit our [help page](#) or contact a [support representative](#).

Choose File No file chosen

Upload

On the **Back to School Reorganization** page, click the **Choose File** button beneath Step 5.

In the resulting window, navigate to the location of your modified spreadsheet and click **Open**.

Choose File Students_in_organization_new.csv **Upload**

You should now see the spreadsheet's name next to the **Choose File** button. If you do, click the **Upload** button.

Conflicting User Information

We noticed these users have the same username. Select **Same** if they are the same user and **Different** if they are two different users.

First name	Last name	Username	Status
James	Woodly	jwoodly	☐ Same ☐ Different
Jeffrey	Woodly	jwoodly	
Tito	Ortiz	tortiz	☐ Same ☐ Different
Terrence	Ortiz	tortiz	

If some users share the same username, the **Conflicting User Information** screen will appear.

PLEASE NOTE – as mentioned above, there is a bug that occurs when students with the same username or user ID are uploaded. We strongly recommend that you click the **Cancel** button and make the necessary changes in your spreadsheet to avoid username and user ID conflicts, then begin again at **Step 4**.

Should you like to continue, however, you can follow these steps. If the students with the same username are in fact different students select **Different** in the Status column. If the students are the same – for instance, if one student was mistakenly included twice on the spreadsheet – select **Same**.

Students for whom you mark **Same** will take the information of the existing student. You will have a chance to change the information for students who were marked **Different**.

When you are satisfied with your choices, click the **Continue** button.

Option 1: Import user data

There are errors in your student list. Please review the highlighted cells and correct. Usernames must be between 6-16 characters. Password must contain 6 to 16 characters, and must also contain at least one numeral.

Uploaded file: Students_in_organization_new.csv

User type: Student

Status ▾	First Name	Last Name	Username	Password	User ID	Year/Grade	Lexile	Class Names		
New	James	Woodly	jwoodly	Welcome1	jwoodly	6	585	Newbie	Edit	Delete
New	Tito	Ortiz	tortiz	Welcome1	tortiz	6	594	Newbie	Edit	Delete
Existing	James	Woodly	jwoodly	Welcome1	jwoodly	6	585	Mr. James	Edit	Delete
Existing	Tito	Ortiz	tortiz	Welcome1	tortiz	6	594	Mr. James	Edit	Delete

The **Import user data** screen will appear, where you will be able to change the information for the newly imported students.

Because of the aforementioned bug, the New users with usernames jwoodyly and tortiz have taken on all the information of the Existing users with those usernames. In fact, these New users should have different Lexiles, First & Last Names and Year/Grades, but they do not. As you can see, Class Names of the new users are unaffected.

To fix this error, click **Edit** in the rows where the student status is listed as **New**, and enter the appropriate information. In the example above, the student's name has been changed to Jeffrey Woodyly, and his Username, User ID, Lexile and Year/Grade have been updated as well. When you have made all necessary Edits, click **Submit**.

Uploaded file:

User type: Student

Status ▾	First Name	Last Name	Username	Password	User ID	Year/Grade	Lexile	Class Names		
Existing	James	Woodly	jwoodyly	Welcome1	jwoodyly	6	585	Mr. James	Edit	Delete
Existing	Tito	Ortiz	tortiz	Welcome1	tortiz	6	594	Mr. James	Edit	Delete

Students will be removed from the table when conflicts have been resolved. After all conflicts have been resolved, click the **Save** button.

Review Existing Users

You have successfully imported your new users! It may take up to 3-5 minutes for their accounts to be created and visible in the system.

The following existing users have active accounts on Scholastic Learning Zone.

1. To continue without making changes to these users, click Continue.
2. To delete users who have graduated or left the school, select the students you wish to delete and click Delete Selected.

Continue Delete selected

☐	First name	Last name	Username	Password	User ID	Year/Grade	Lexile	Edit	Delete
☐	Cody	Wilde	cwilde	Welcome1	cwilde	Year 9	1053	Edit	Delete
☐	Oscar	Wilde	owilde	Welcome1	owilde	Year 9	1164	Edit	Delete
☐	April	O'Neill	aoneill	Welcome1	aoneill	Year 9	1104	Edit	Delete
☐	Laurence	O'Faralia	lofaralia	Welcome1	lofaralia	Year 9	954	Edit	Delete
☐	Michael	Feilhaber	mfeilhaber	Welcome1	mfeilhaber	Year 9	1007	Edit	Delete
☐	Francine	Best	fbest1	Welcome1	fbest	Year 9	1101	Edit	Delete

If any existing users were not included in the imported spreadsheet, the **Review Existing Users** screen will appear. Any students removed from the spreadsheet in **Step 3** should appear on this page.

If you see students on this page that you did not intend to remove, don't worry, nothing has happened to those accounts or their data. Simply do not include them in the following steps which describe how to **Deactivate** or **Delete** student accounts and you will be able to add them to a class after these steps are completed.

For any accounts you do wish to **Deactive** (note: deactivation *will not* remove student data) or **Delete**, click the checkbox next to the student names, then click the **Delete selected** button. (Note that you may delete some students and deactivate others. You may begin by selecting either group.)

Confirmation required ✕

☒ **Deactivate User**
Selecting this option will deactivate the user login but retain information for school reports.

☐ **Delete forever**
Selecting this option will delete the user and remove all information from school reports.

Confirm Cancel

You will then be presented with two options. Click the circle next to your preferred option, and then click the **Confirm** button.

Be careful – there is no way to get student data back if you accidentally delete an account!

Continue

Delete selected

☐	First name	Last name	Username	Password	User ID	Year/Grade	Lexile	Edit	Delete
☐	Cody	Wilde	cwilde	Welcome1	cwilde	Year 9	1053		Deactivated
☐	Oscar	Wilde	owilde	Welcome1	owilde	Year 9	1164		Deactivated

The table will reflect any changes you have made. When you are satisfied, click the **Continue** button.

Step 5

Review class names and student reorganization by clicking **Organize Users**. You can make further changes by clicking **Add Users** for the class you'd like to modify.

The screenshot shows the 'Manage Classes' interface. At the top, there are four tabs: 'Setup Users', 'Organize Users', 'Subscribe Users', and 'Teacher Settings'. Below the tabs, there is a section titled 'Manage Classes' with instructions: 'Once you've added your users, you can organize them into classes and groups.' followed by a numbered list: 1. Add a class. 2. Add students and teachers to the class by clicking **Add users** in the table below. 3. Organize students into groups within a class by clicking **Manage groups**. 4. Assign students to their subscriptions by clicking **Subscriptions**. Below the instructions is a form with 'Add class' and an 'Add' button. Below the form is a table titled 'All Classes' with a search bar. The table has columns: Class Name, Year/Grade, Student List, Teacher List, and a 'Manage Classes' section with sub-columns: Add users, Manage groups, Subscriptions, and Delete.

Class Name	Year/Grade	Student List	Teacher List	Manage Classes			Delete
Frau Blucher	Edit	2 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Herr Drosselmeyer	Edit	3 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Mr. Ed	Edit	1 Student	0 Teachers	Add users	Manage groups	Subscriptions	Delete
Mr. James	Edit	6 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Mr. Kim	Edit	2 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Ms. Kleinhoffer	Edit	5 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Ms. Oswald	Edit	3 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete

Clicking the link will bring you to the **Manage Classes** page again. Here, you can review all the modifications you have made and correct any mistakes. Newly created classes will not have teachers – if you need help adding a teacher to the class, please see the **Organize Users** section of this guide.

If all your data appears to be correct, you're done and ready for a new school year!

Change Educational System

A school's educational system is automatically set to be the default educational system for that country.

Smith School - Canada [Edit](#)

The name of the educational system displays to the right of the school name. An administrator can edit their school's educational system by clicking [Edit](#) next to the name of the system.

A screenshot of a web application dialog box titled "Chilton Academy Educational System". The dialog box contains the instruction "Please select the educational system used by your school." Below this, there is a section labeled "Educational System:" with a pull-down menu currently showing "Canada". The menu is open, displaying three options: "Canada", "United Kingdom", and "United States". To the right of the pull-down menu is a list box titled "Canada Educational System" which contains a list of educational levels: "Junior Kindergarten", "Kindergarten", "Grade 1", "Grade 2", "Grade 3", "Grade 4", "Grade 5", "Grade 6", "Grade 7", "Grade 8", "Grade 9", "Grade 10", "Grade 11", and "Grade 12". At the bottom right of the dialog box are two buttons: "Submit" and "Cancel".

To change the school's educational system, select a different system from the pull-down menu. Click **Submit** to change to another educational system.

A confirmation screen opens. Click **OK** to confirm the change, or **Cancel** to return to the Manage User Accounts screen. Clicking **OK** will change the educational system and delete any student year/grade information already in the system.

Organize Users

Manage Classes

Setup Users Organize Users Subscribe Users Teacher Settings

Manage Classes

Once you've added your users, you can organize them into classes and groups.

1. Add a class.
2. Add students and teachers to that class by clicking Add users in the table below.
3. Organize students into groups within a class by clicking Manage groups.
4. Assign students to their subscriptions by clicking Subscriptions.

Add class

All Classes

Search for a class

Class Name	Year/Grade	Student List	Teacher List	Manage Classes			Delete
Grade 1	Edit	8 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Grade 2	Edit	4 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Language Arts	Edit	5 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Math 1	Edit	5 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Reading 1	Edit	20 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Reading 2	Edit	8 Students	2 Teachers	Add users	Manage groups	Subscriptions	Delete
Reading K	Edit	8 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Science 2	Edit	5 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Test	Edit	2 Students	1 Teacher	Add users	Manage groups	Subscriptions	Delete
Year 3	Edit	6 Students	2 Teachers	Add users	Manage groups	Subscriptions	Delete

The Organize Users tab of the **Manage Users** screen allows teachers and administrators to organize users into classes and groups and to edit the years/grades of students by class.

Adding Classes

Add class

To add a class to the list, type the name of the class in the Add Class field and click **Add**. The class name appears in the list.

Removing Classes

To remove a class, click **Delete** at the end of the class row. Click **Ok** to confirm the deletion, or click **Cancel** to return to the **Organize Users** screen.

Adding Users to Classes

The screenshot shows the 'Add users to Math 1' screen. At the top are three tabs: 'Setup Users', 'Organize Users', and 'Subscribe Users'. The 'Organize Users' tab is active. Below the tabs, the title 'Add users to Math 1' is followed by a message: 'Can't find a user? Go to the Setup Users tab to create a new user.' There are two steps: '1. Select a user type:' with radio buttons for 'Student' (selected) and 'Teacher', and '2. Select a user:' with a pull-down menu. To the right, a box titled 'Math 1 (5 Students)' contains a list of users with 'x' buttons next to each name for removal. The users listed are: Black, Ellie (eback), Aubry, Chelsea (caubry), Ayim, Miranda (mayim1), Bartoch, Joe (jbartoch), Bergen, Gabe (gbergen), and Calder, David (dcalder).

Math 1 (5 Students)	
Black, Ellie (eback)	x
Aubry, Chelsea (caubry)	x
Ayim, Miranda (mayim1)	x
Bartoch, Joe (jbartoch)	x
Bergen, Gabe (gbergen)	x
Calder, David (dcalder)	x

From the Organize Users tab, click **Add Users** in the class row to add teachers and students to that class. The Add Users screen opens. Select the user type by clicking the button next to **Student** or **Teacher**, and then either search for the student's name or use the pull-down menu to select the user's name. The user's name now appears in the class list at the right of the screen.

To remove a user from the list, click the "x" next the user's name.

Editing Years/Grades

To edit student's years/grades by class, click **Edit** under the **Year/Grade** header in the class row.

The "Edit Year/Grade" dialog box contains a table with three columns: "Student Name", "Year/Grade", and "Last Updated". It lists ten students, with checkboxes next to their names. A pull-down menu at the bottom allows selecting a new year/grade for the selected students. The "Apply" button is highlighted.

☐ Student Name	Year/Grade	Last Updated
☐ Aubry, Chelsea	Primary Grade 1	16 Apr 2013
☒ Ayim, Miranda	Primary Grade 1	16 Apr 2013
☒ Barry, Peter	Primary Grade 1	16 Apr 2013
☐ Bartoch, Joe	Primary Grade 1	16 Apr 2013
☐ Batty, Emily	Primary Grade 1	16 Apr 2013
☒ Benfeito, Meaghan	Primary Grade 1	16 Apr 2013
☒ Bergen, Gabe	Primary Grade 1	16 Apr 2013
☐ Bhullar, Arjan	Primary Grade 1	16 Apr 2013
☐ Calder, David	Primary Grade 1	16 Apr 2013
☐ Foster, Tiffany	Primary Grade 1	16 Apr 2013
☐ Fournel, Hughes	Primary Grade 1	16 Apr 2013

Change year/grade of selected students to Year/Grade

- Year/Grade
- Pre-Kindergarten
- Kindergarten
- Primary Grade 1
- Primary Grade 2
- Primary Grade 3
- Primary Grade 4

Close Apply

The **Edit Year/Grade** screen will open. Click the check boxes next to the students' names and use the pull-down menu to select the year/grade to move them to.

Click **Apply** to apply the changes. Click **Close** to return to the **Manage Classes** screen.

Managing Groups

[Setup Users](#) [Organize Users](#) [Subscribe Users](#)

Manage Groups for Reading 1
You can create up to five small groups per class.
1. Enter each group name in the **Group name** box below.
2. Click **Group users** to select students from the class list to add to the group.

▶ Reading Group B	Group users	Delete

Teachers and administrators may create up to five groups per class.

Click the **Manage Groups** link in the class row on the Organize Users tab to open the Manage Groups screen.

To add a group, type the name of the group in the Group Name field and click **Add**. The group name appears in the list.

A screenshot of the "Add Group Members" dialog box. The title bar says "Add Group Members" with a close button. Below the title bar, it says "Add Users to Reading Group A" and "Search for or select students to add to the group." There is a "Select a student:" label above a pull-down menu. The menu is open, showing a list of student names with their usernames in parentheses. "Miranda Ayim (mayim1)" is highlighted. A "Show All Items" button is next to the menu. To the right of the menu is a list titled "Reading Group A (10 Students)" containing ten student names, each with a blue "X" button next to it. At the bottom right is an "OK" button.

Add Group Members	
Add Users to Reading Group A	
Search for or select students to add to the group.	
Select a student:	
Chelsea Aubry (caubry) Miranda Ayim (mayim1) Peter Barry (pbarry) Joe Bartoch (jbartoch) Emily Batty (ebatty) Meaghan Benfeito (mbenfeito) Gabe Bergen (gbergen) Arjan Bhullar (abhullar) David Calder (dcalder) Tiffany Foster (tfoster) Hugues Fournel (hfournel) Happy Gilmore (happygilmore) Malcolm Howard (mhoward) Lindsay Jennerich (lj Jennerich) Michael Jones (michaeljones) Hello Kitty (hellokitty) Audrey Lacroix (alacroix) Diana Matheson (dmatheson) Sophie Schmidt (sschmidt) Jane Smith (janesmith)	Show All Items
Reading Group A (10 Students)	
Aubry, Chelsea (caubry)	X
Benfeito, Meaghan (mbenfeito)	X
Calder, David (dcalder)	X
Foster, Tiffany (tfoster)	X
Fournel, Hugues (hfournel)	X
Gilmore, Happy (happygilmore)	X
Howard, Malcolm (mhoward)	X

Lacroix, Audrey (alacroix)	X
Smith, Jane (janesmith)	X
OK	

To add students to the group, click **Group users** in the group row to open the Add Group Members screen. Use the pull-down menu to select a student, and then click the student's name. It will appear in the group list to the right.

To remove a group, click **Delete** at the end of the group row.

Subscribe Users

Users must be subscribed to Scholastic products to use them. To subscribe administrators, teachers, and students to the products, use the Subscribe Users tab on the Manage Users screen.

The screenshot shows the top navigation bar with four tabs: "Setup users", "Organize Users", "Subscribe Users", and "Teacher Settings". Below the tabs, there are two rows of radio buttons. The first row has "Students" (selected) and "Teachers and Administrators". The second row has "Subscribe Students" (selected) and "Subscribe Classes".

Select whether to subscribe either students, or teachers and administrators. To subscribe students, select whether to subscribe students individually, or to subscribe entire classes of students at once.

The screenshot shows the "Manage Subscriptions" section. It includes instructions: "1. Select a class from the Classes box below.", "2. Check the boxes by students' names for the products you want them to be able to access.", and "3. Students will now see the icon for that product when they log in to the Zone. You can deny them access by returning to this page at any time and unchecking the boxes by their names." Below the instructions is a "Select a class" dropdown menu. The main part of the screenshot is a table titled "Students in 1A" with columns for "Student", "BookFlix", "TrueFlix", "Literacy Place Shared eReading - Grade 1", and "Scholastic Lit Pro". Each column has a "Subscribe all" and "Unsubscribe all" link, and a status "Available: 22" with an information icon. The table lists 12 students, each with a checkbox in each product column. The students listed are: Barry, Diana (dbarry), Bartlet, Jed (jbarlet), Cafferty, Luke (lcafferty), Danes, Luke (ldanes), Gilmore, Lorelai (lgilmore), Graham, Julia (jgraham), Hayden, Christopher (chayden), Lyman, Josh (jlyman), Saracen, Matt (msaracen), Shirley, Anne (ashirley), Taylor, Julie (jtaylor), and Young, Charlie (cyoung).

To subscribe students individually, select **Subscribe Students**. Choose the class to subscribe from the pull-down menu, or enter the class name in the search field. The students' names will appear on the tab.

To subscribe a student to a Scholastic product, click the check box under the product's name in the student's row. To subscribe an entire class to the product, click **Subscribe all** under the product name.

The product icons are now visible in the My Zone areas of the students' dashboards.

To unsubscribe a student from a product, click the check box under the product's name in the student's row to clear the box. To unsubscribe an entire class from a product, click **Unsubscribe all** under the product name.

To subscribe students in multiple classes at once, select **Subscribe Classes**. A list of all classes in the school will display.

Administrators and teachers may also subscribe themselves to products by going to **My Profile** and checking the boxes next to the products to which they want to be subscribed.

Unchecking the box next to a product will unsubscribe the administrator or teacher from that product.

Teacher Settings

Teachers can perform the following administrative functions, if granted permission by the school administrator:

- **Manage School:** Allow teachers to edit the school's educational system, move all students up or down a year/grade level, and edit the school calendar.
- **Manage Students:** Allow teachers to create, edit, search for, and disable student users.
- **Manage Classes:** Allow teachers to create, edit, and delete classes, and to add users to classes.
- **Manage Teachers:** Allow teachers to create, mass import, edit, search for, disable, and manage permissions for other teachers.
- **Import Students:** Allow teachers to mass import student users from a spreadsheet.
- **Manage Administrators:** Allow teachers to create, edit, search for, disable, and manage permissions for administrators.
- **Subscribe Users:** Allow teachers to subscribe users to products.
- **Manage Offline Registrations:** Allow teachers to manage offline registrations.

Clicking the checkbox next to a teacher's name will grant the teacher the permission listed in the column header.

Manage School Calendar

To set up a school calendar, click on the Manage calendar button on the homepage. A pop-up will open.

If no time zone is set, type in the box or use the dropdown menu to select a time zone for the organization. Click Save to save changes.

A screenshot of a web-based pop-up window titled "Setup School Year Calendar". At the top, there is a "Select Time Zone" dropdown menu currently showing "(GMT -05:00) Toronto" and a "Save" button. Below this, the current school year is listed as "2013-14 School Year" with an "Edit" link next to it. Underneath, the dates "02 Sep 2013 to 30 Jun 2014" are displayed. There are two more links: "Add Another Marking Period" and "Add Prior School Year". At the bottom right of the window is a "Close" button.

To edit the time zone, click Edit. The dropdown will reappear. Type in the box or use the dropdown menu to select a new time zone and click Save to save changes.

A screenshot of a text input box for editing the time zone. It contains the text "Time Zone : (GMT -05:00) Toronto" followed by an "Edit" link.

The school year's calendar dates are automatically set to be the default calendar for that country. If these dates are not correct, click Edit.

A screenshot of the "Setup School Year Calendar" dialog box. The title bar says "Setup School Year Calendar" with a close button. Below the title bar, it says "Time Zone : (GMT -05:00) Toronto" with an "Edit" link. A horizontal line separates this from the main content area. The main content area has a header "2013-14 School Year" and a text input field for "Name of School Year:" with the value "2013-14 School Year" and a subtext "(e.g., 2013-14 School Year)". Below this are two date pickers: "Start Date:" with the value "02 Sep 2013" and "End Date:" with the value "30 Jun 2014". At the bottom of the main content area are "Save" and "Cancel" buttons. Below the main content area are two links: "Add Another Marking Period" and "Add Prior School Year". At the very bottom is a "Close" button.

Enter a name for the Name of School Year, and click the calendar icons to select new dates for the school year. Click **Save** to save changes.

To set up marking periods within the school year, click **Add Marking Period**. Enter a name for the marking period and select the start and end dates. Click **Save** to save changes.

A screenshot of the "Setup School Year Calendar" dialog box. The title bar says "Setup School Year Calendar" with a close button. The main content area shows "Time Zone : (GMT -05:00) Toronto" with an "Edit" link. Below that, it says "2013-14 School Year" with an "Edit" link, and "02 Sep 2013 to 30 Jun 2014". A "Marking Period" section is highlighted with a border, containing fields for "Name of Marking Period:" (with the value "Quarter 1" and a hint "(e.g., Quarter 1)"), "Start Date:" (with the value "2 Sep 2013" and a calendar icon), and "End Date:" (with the value "15 Nov 2013" and a calendar icon). Below these fields are "Save" and "Cancel" buttons. At the bottom of the dialog, there are links for "Add Another Marking Period" and "Add Prior School Year", and a "Close" button.

To add another marking period, click **Add Another Marking Period** and follow the same steps of entering a name and selecting start and end dates. There is no limit to the number of marking periods, as long as the dates do not overlap one another and fall within the school year.

A screenshot of a web application window titled "Setup School Year Calendar". The window has a close button (X) in the top right corner. Below the title bar, it displays "Time Zone : (GMT -05:00) Toronto" with an "Edit" link to its right. A horizontal line separates this from the main content area. The main content area shows "2013-14 School Year" with an "Edit" link. Below this is the date range "02 Sep 2013 to 30 Jun 2014". There are four entries for quarters, each with an "Edit" and "Delete" link: "Quarter 1" (02 Sep 2013 to 15 Nov 2013), "Quarter 2" (16 Nov 2013 to 31 Dec 2013), "Quarter 3" (01 Jan 2014 to 15 Mar 2014), and "Quarter 4" (16 Mar 2014 to 30 Jun 2014). Below the quarters is a link "Add Another Marking Period". Another horizontal line is below this. At the bottom of the main content area is a link "Add Prior School Year". At the very bottom of the window is a "Close" button.

Use the **Edit** and **Delete** links to edit or delete marking periods once they are saved.

At the end of the current school year, Scholastic Learning Zone will automatically create a new school calendar for the next school year. To view the dates from a school year that has already passed, scroll down in the Manage calendar window.

To add prior school years, click the **Add Prior School Year** link. Select the year to create from the dropdown and click **Create**.

A screenshot of a web application window titled "Setup School Year Calendar". The window has a close button (X) in the top right corner. The main content area shows the "Time Zone : (GMT -05:00) Toronto" with an "Edit" link. Below this is a section for the "2013-14 School Year" with an "Edit" link, showing the dates "02 Sep 2013 to 30 Jun 2014". Underneath are four quarters, each with "Edit" and "Delete" links: "Quarter 1" (02 Sep 2013 to 15 Nov 2013), "Quarter 2" (16 Nov 2013 to 31 Dec 2013), "Quarter 3" (01 Jan 2014 to 15 Mar 2014), and "Quarter 4" (16 Mar 2014 to 30 Jun 2014). There is a link "Add Another Marking Period". At the bottom, there is a section "Add Prior School Year" with a "Prior Years:" label, a "Create" button, and a dropdown menu. The dropdown menu is open, showing options: "Select Prior Year" (twice), "2009", "2010", "2011", "2012", and "2013 (existing)". To the right of the dropdown is a "Cancel" button. At the bottom right of the window is a "Close" button.

Once the school year and marking periods are set up, click **Close** to close the window.

Manage Registrations

Users of PR1ME Mathematics Interactive Edition (Offline) can manage product registrations by clicking on the **Manage registrations** button on the homepage. Select an offline product using the dropdown.

PR1ME Mathematics Interactive Edition 2A
PR1ME Mathematics Interactive Edition 2B

Mathematics Interactive Edition 1A (07 May 2014 to 06 May 2015)					
		Machine Name	Registered On	Verified On	Delete
Gardner, Will	E4-11-5B-4F-D5-37	SCHL-ES4E1DQ	7 May 2014	7 May 2014	Delete

The users and machines registered to that product will display. Click **Delete** to delete the user and machine's registration to the product. That user and machine will no longer be able to access the product.

Scholastic Learning Zone Technical Requirements

The minimum technical requirements for Scholastic Learning Zone (SLZ) are:

- **Supported browsers:** Internet Explorer 8.x or later, Safari 5.x or later, Firefox 4.x or later, Chrome 17 or later
- **Operating System:** Macintosh® OS X 10.5 or later; Windows Vista Professional, Windows 7 Professional, iOS 6.x or higher, Android 4.x or higher
- **Memory:** 512MB to 1GB of RAM, based on OS version
- **CPU:** Intel dual-core or later (PPC Macintosh computers not supported)
- **Network:** Network Interface Card supporting TCP/IP (wireless networks, including 802.11a, 802.11g, or 802.11n, are supported, but application performance may be limited by the network's bandwidth capacity)
- **Screen:** 1024 x 768 resolution or higher
- **Other:** Headsets or speakers required for certain audio/visual media in most applications

All workstation browsers must have the following settings enabled:

- **Pop-Up Blockers:** Must be disabled, or Student and Educator Access pages excepted
- **Security Level Settings:** Default settings supported; IE Maximum Security levels not supported
- **Images Enabled:** Default settings are supported; Image Display must not be turned off
- **Privacy Settings:** Default settings supported; Maximum Privacy Setting (disabling cookies) not supported
- **Mixed Content:** Should allow secure content (e.g. https://)

Some programs on Scholastic Learning Zone have additional requirements in addition to the SLZ requirements above:

Program	Additional Requirements
Scholastic Literacy Pro Scholastic Reading Pro Scholastic Reading Inventory BookFlix	Internet Explorer 8 and lower are not supported

TrueFlix	
Grolier Online	
Literacy Pro Library Reading Pro Library	Internet Explorer 8 and lower are not supported Other: Headsets or speakers required for certain audio/visual media in Literacy Pro Library/Reading Pro Library. Recording facilities are not supported in iOS tablets.
Timeliner Neighborhood MapMachine The Graph Club	iOS or Android tablet devices are not supported Flash: Should be version 10.2 plug-in (enabled by default), must not be disabled and set to allow the microphone Other: Headsets or speakers required for certain audio/visual media in most applications; recording facilities can be used

Thin Client workstations are not certified or recommended for SLZ programs. SLZ supports a wide range of client workstations running many different processors and operating systems. As a general rule, any workstation or laptop purchased in the last four years should be capable of running any SLZ application.

Organizations considering using older workstations should consider the following factors:

1. CPU clock speed is not a reliable indicator of relative performance. The slowest Intel® Core 2 Duo is more powerful than the fastest Pentium® 4. A Core 2 Duo at 2.13GHz is almost twice as fast as a P4 at 2.8GHz. Workstations that run an Intel Pentium M, Pentium D, or Intel Celeron® must at minimum have a clock speed and RAM that are the same or greater than what is recommended for a Pentium 4.
2. Workstations, laptops, or netbooks with Intel Atom processors (or equivalent) may or may not be suitable for running SLZ applications depending on the processor's version, clock speed, and supporting hardware. Scholastic recommends testing any Atom-based system with the application(s) you intend to use.

Bandwidth Requirements: BookFlix, TrueFlix, Grolier Online, Timeliner, Neighborhood MapMachine, The Graph Club

Scholastic Learning Zone subscriptions utilize a data center to host your applications, with workstations connecting to the data center over the Internet. All SLZ programs use browser-based clients. Therefore, large media files (video, audio, animations) must be sent to the client over the network.

The number of media files that can be loaded simultaneously depends on many factors, including connection speed, the amount of other activity that is taking place on a school's or library's computer network at a given time, and whether or not a school or library has a dedicated Internet connection or shares the connection with other schools or libraries.

To reduce network congestion, it is recommended that customers plan for network utilization by verifying the number of SLZ users (seats) against existing network loads in light of the following data throughput requirements:

Data Throughput Per Student	TrueFlix	BookFlix	Grolier Online	TimeLiner	Neighborhood Map Machine	The Graph Club
Average Duration (mins)	20.28	20.13	16.38	12.08	15.75	18.34
Average Outbound Data (kbps)	2	3.7	186	.24	.81	.99
Average Inbound Data (kbps)	83*	45*	87*	107*	10*	33*
Scholastic Recommendation (kbps/active workstation)	100	100	100	100	100	100

* These numbers represent averages and may fluctuate greatly based on the number of media files utilized in each application.

In addition, the following guidelines should be used to determine how many BookFlix or TrueFlix videos can be streamed simultaneously. *Please note that these are average usage guidelines only; actual performance may vary based on factors listed above.*

Connection Speed	Maximum # of Simultaneous Videos That Can Be Streamed
------------------	---

T1 (1.5 mbps)	10
Cable Modem (4-5 mbps)	60
T3 (44.7 mbps)	100
Gigabit (1000 mbps)	Unlimited

Before you begin your BookFlix or TrueFlix subscription, you may request a free trial to make sure the videos run the way they are supposed to on your computers.

To calculate the total number of concurrent students that can use an application you will need to know your Internet connection speed (in Mega bits per min or Mbps) and the average data inbound data usage for the application per student on average (in Kilo bits per second or Kbps). The formula $((\text{internet connection speed}) * 1024) / (\text{application average inbound data use}) = \sim$ number of students that can connect concurrently. Scholastic suggests as baseline average of 100Kbps per student. This means you can estimate a T1 connection $((1.5 \text{ Kbps}) * 1024) / 100 = \sim 15$ students.

Proxy Settings

All firewalls, proxies and browsers should allow the following domains through to the client in order to provide the optimum experience with the SLZ 1.0 applications:

Domain Names

scholasticlearningzone.asia

scholasticlearningzone.ca

scholasticlearningzone.co.uk

scholasticlearningzone.com

208.111.128.0/18

Data Management

Local Storage

Certain applications such as Timeliner, Graph Club and Neighborhood MapMachine allow users to store files on their local workstation. Sufficient storage should be available on workstations to allow for saving and retrieving files as necessary for each student to accommodate a sufficient number of files of size described below:

Learning Zone	Minimum file size	Maximum file size
Graph Club	3KB	2MB (files with audio)
Timeliner	200-500 KB	5-8 MB (files with audio/video)
Neighborhood Map Machine	6 KB - 2MB	5-8 MB (files with audio/video)

It is the sole responsibility of the customer to secure and back up all local storage. Scholastic has no ability to store or retrieve such files.

Customer Support

For questions or other support needs with Scholastic Learning Zone and its affiliated products, contact Scholastic Customer Support to speak to a representative.
