Not all search bars are created equal.

What good is getting hundreds of pages of returns if you have to spend hours sorting through them to find relevant content? And then more time to verify whether or not the content you found is credible and accurate? *Scholastic GO!* search sits on top of hundreds of thousands of verifiable content assets to make searching simple and learning authentic.

Contrary to popular belief, **students do not instinctively know how to navigate the abundance of information available to them** through traditional and digital sources.

75%

of students have no idea how to locate articles and resources they need for their research.

Scholastic GO! offers students a portal to the more than 115,000 credible, accurate, reliable articles—written by subject-area experts and professional editors.

60%

of students don't verify the accuracy or reliability of the information they find.

While students need to cultivate their ability to verify information, they also need to have trusted sources to discover the information they are seeking. ***Scholastic GO!*** articles and content are written, edited, and updated by the industry's best and most trusted researchers, writers, and editors.

Search

Better Search. Better Returns.

Scholastic GO! has been providing the most reliable articles and resources on core curriculum content for more than ten years. Students, teachers and librarians have relied on this resource to support research projects, homework help, lesson plan development and more.

In an effort to best support the ***Scholastic GO!*** users and the features they most utilize, ***Scholastic GO!*** has been completely reimagined and re-engineered to have an increased focus on search and superior search return functionality. These upgrades are designed to minimize the time both teachers and students spend searching, allowing more time for teaching and learning.

! 58% of teachers report spending 2–5 hours per week just doing searches for digital lesson plans.

Return

Search by subject.
Explore by category.

Designed with repeat usability in mind, the improved search return showcases enhanced delivery, organization, and presentation of articles, images, videos, websites and more—**for more efficient research and discovery**.

Our new search return functionality delivers all relevant content—in every type of media and text type—in one clean, easy-to-navigate layout. Images, articles, videos, factboxes, sidebars, maps, and websites are returned at once—and can be filtered by reading level!

Learn
