MAKE YOUR OWN DREAM BOARD!

This is your planning sheet for developing an inspirational collage that reflects your vision for the future. (Create your collage on separate paper or a poster board.)

STEP 1

- In the first column, write skills that you've relied on while tackling chores at home and responsibilities at school. Include skills you've gained from small jobs or community service you've done so far!
- In the second column, write down things you love to do or would like to learn more about.

SKILLS (SOFT AND HARD)	INTERESTS AND PASSIONS

STEP 2

- Write two or three career-related goals, including jobs that seem like a good fit and apprenticeships you'd like to explore.
- Use magazines, newspapers, or the internet to find images that represent your goals or inspire you in some way.

STEP 3

- Brainstorm words that help motivate you to achieve your goals. In addition to your skills and passions, these words could include job titles, fields of interest, or career-related words you find empowering.
- Cut or print out words, or handwrite them.

STEP 4

Build your dream board by creating an inspiring collage of words and images on your poster board.
