

Look at the Stars

Nurture your child's sense of wonder by stargazing at night.

Oh, my stars!

See if you can spot these five major stars and constellations.

Create Your Own Constellation!

- Gather a bowl of **grapes** or **raisins** and some **toothpicks**.
- Challenge each family member to build a new constellation by attaching the "stars" (grapes/raisins) with toothpicks.
- Be creative! Make sure to give your constellation a funny name.
