

Name _____

I CAN RECYCLE!

Teachers, read aloud these two guidelines to empower your students to protect the planet.

- 1** Put paper, cardboard, and bottles of plastic and glass in the recycle bin so they can be made into something new!
- 2** Put everything else, like bits of food and used crayons, in the trash.

Then encourage students to draw lines from the objects to put them either in the trash can or in the recycling bin.

Make it hands-on by having students sort real objects for recycling throughout the school day.
