

What If You Were a Ghost?

In *Harry Potter and the Chamber of Secrets*, Harry and his friends get to know Nearly Headless Nick, the house ghost of Gryffindor. Each of the four houses has a resident ghost that floats around the castle, cheering up or scaring the students, depending on his or her mood.

| What if you were a ghost at your own school? Would you be a scary or friendly one? What places would you haunt? How would you let people know you were there? In the space below, write a short essay about what you would do if you were a ghost for a day. |
