# CRACK THE CODE

The Liberty Bell hasn't been rung since George Washington's birthday in 1846—the day it cracked for good. No one knows what caused the damage. What's your theory?

Crack the code to complete the inscription on the Liberty Bell. Using the grid below, substitute each letter-number pair with its corresponding single letter. For example, A1=A, B2=G, and so on.

	1	2	3	4	5
A	A	B	C	D	E
B	F	G	H	I/J	K
C	L	M	N	O	P
D	Q	R	S	T	U
E	V	W	X	Y	Z

“Proclaim \_\_\_\_\_  
                                  C1    B4    A2    A5    D2    D4    E4  
 throughout all the \_\_\_\_\_ unto  
                                  C1    A1    C3    A4  
 all the inhabitants thereof”
