Setting Up Your eBook Library

Step 1: Install the OverDrive App

1. Using one of the Samsung tablets that will have the Scholastic eBook library, connect to Wi-Fi and download the OverDrive app from one of the following:

   • Google Play
   • app.overdrive.com

2. Open the OverDrive app and select "I am under 13 years old." Taking this step negates the need for an individual OverDrive account and is the best option for a device that will be shared among many users.

Step 2: Access Your OverDrive Account

1. Exit the OverDrive app and tap the Internet icon to access the Building Blocks library site at **buildingblocks. lib.overdrive.com**.

2. Log in to the site with the library card number that you've been provided.

3. Select the "Account" button. The website bookshelf will display a list of all eBooks available for download.

Step 3: Now You Can Download eBooks

1. Select the "Download" button for the first title in the list.

2. When the "Choose an action" box appears, select "OverDrive."

3. The OverDrive app will open and add the title to the app's bookshelf.

4. Return to the website and repeat this step for each book.

Note: You will need to repeat steps 1 through 3 for each tablet that will have the Scholastic eBook Library.

## Accessing the eBooks

1. Open OverDrive on your Samsung tablet. If the bookshelf is not displayed, select the button in the upper-left corner to display the Home menu. Select "Bookshelf."

2. Scroll vertically to browse the eBooks downloaded to the app. Tap a book cover to open it.

Reading Tips

To go to the next page as you're reading: Tap the right side of the screen, or swipe the screen from right to left.

To go to the previous page: Tap the left side of the screen, or swipe the screen from left to right.

Support Options

Dictionary: You can tap and hold a word, then tap the magnifying glass to look it up in the dictionary.

Reading Progress: Tap the center of the screen to view your progress.

Reader Options: Tap the center of the screen, then tap the first icon (Settings) at the top right. It allows you to change eBook settings (font, layout, and more). The second icon allows you to bookmark pages. The final icon allows you to review the table of contents.

Table of Contents: Tap the middle of the screen and swipe left to open the Title menu with the Table of Contents list.

Return Home: Tap the middle of the screen and swipe right to open the Home menu. This will allow you to return to the bookshelf.
